Division of a Fortune 100 company.

Vice President - Finance

Directed all accounting and financial reporting and financial planning and analyses. Analyzed product line profitability and working capital requirements. Performed productivity analysis, operational financial reviews, and directed the annual operating budget. Worked with the senior leadership team on new business endeavors from a financial and investment perspective.

- Identified new business opportunities utilizing core technologies to expand and penetrate new markets resulting in significant new revenue streams.
- Provided direction, support and supervision in the area of supply chain management to ensure efficiency & productivity levels are met in addition to quality standards.
- Routinely conducted analyses of the effectiveness of all operations and systems and investigated areas for new process improvements and made recommendations for implementation.
- Provided direction on Sarbanes-Oxley compliance and internal audit procedures & controls.
- Provided direction on financial policies and procedures.

PROFESSIONAL EXPERIENCE (CONTINUED)

AMERICAN PRECISION INDUSTRIES

1993 - 2000

*Division of a Fortune 100 company.***Vice President – Corporate Development**

As a key member of the senior management team reporting to the CEO, directed all financial planning and analysis, strategic planning and acquisition activities. Provided extensive computer modeling and profit forecasting. Position necessitated a demonstrated and working knowledge of finance and accounting principles, legal, regulatory and tax issues. Traveled extensively to complete complex international financial project assignments.

- Directed the due diligence, documentation and closing on seven acquisitions – 4 in the US and 3 in Europe. These acquisitions all exceeded earnings and cash flow forecasts.
- Directed the financial integration, capacity rationalization, and supply chain management resulting in manufacturing cost savings/synergy of over \$ 7 million and a permanent reduction in working capital of \$ 15 million on the above transactions.
- Directed the implementation of EVA™, an economic value based financial planning system, throughout all of the company divisions and operating subsidiaries worldwide.
- Analyzed the financial details of business operations including past, present and future business opportunities and areas for process improvement.
- Advised senior management and operations on finance, accounting, & tax matters.

STRATEGIC INVESTMENTS, Inc.

ecology and environment, inc.

Global Environmental Specialists

BUFFALO CORPORATE CENTER

368 Pleasant View Drive
Lancaster, New York 14086
Tel: (716) 684-8060, Fax: (716) 684-0844

Via email to: Terrence D. McCracken, Secretary (tmccracken@ecwa.org)

To: ECWA Commissioners – Jerome D. Schad; Mark S. Carney; E.Thomas Jones

Subject: Executive Director Erie County Water Authority

Date: July 28, 2018

Dear Messrs Schad, Carney, and Jones:

I am the strongest and most qualified person in WNY to serve as Executive Director of the Erie County Water Authority.

Recently I retired as Chief Financial Officer at Ecology & Environment, Inc. where I served as Vice President & Treasurer for 10 +years. As you will see from my resume, I am both a licensed professional engineer and seasoned financial executive. I have the demonstrated ability to lead a complex and highly regulated organization and the management skills to make it successful.

I would like to be of public service and the skill set in my wheel house matches perfectly with that of Executive Director ECWA. Timing is perfect too, as I just retired from private practice. Further, I have no need for a multi-year employment contract. Quite frankly, that can wait until after my first year of public service. My most recent compensation was \$ 173,000. Going forward compensation is of course negotiable and done on a good faith basis.

I have absolutely no political background. Quite frankly, I do not know anybody in political circles or that has influence. Alternatively, my entire career has been based on providing sound financial, business and engineering advice. I am a Buffalo born and bred guy with the highest level of personal integrity. References will speak to my business ethics, honesty and perseverance.

I understand the intense public scrutiny here and have the experience and demeanor to handle it. Rest assured as commissioners you will have no headaches. My appointment as Executive Director can be examined under a microscope by the Erie County Legislature and the NYS Authorities Budget Office.

Thank you this consideration.

Very truly yours,

H. John Mye III
